

Let's party.

## Congrats on your engagement!

If you're reading this, then that means that you are currently in the process of planning your wedding day. I'm so excited that you are considering me for the opportunity to provide the music for this once in a lifetime event.

I pride myself on making every single one of my DJ sets different. So when you book me, you'll know that **your music** will be specifically prepared and tailored for **you** and **your guests**. If you decide to book me, you'll see that I always go the extra mile to really get to know my couples, their story, and their personalities so that I can curate music that is uniquely and profoundly **their music**. I hope I get the chance to help make your wedding the party that everyone is talking about for years to come!
